APPLE TOILET CLEANER DESCALER

10. PHYSICAL, CHEMICAL and MICROBIOLOGICAL PROPERTIES

Physical Appearance	Liquid
Colour	Green
Smell	Apple
Viscosity (20,5 ±0,5 °C)	95-100 cp SO1 100 RPM
pH (20,5 ±0,5 °C)	1-2,5
Nonionic Surfactant %	3,4 – 3,5
Density (20 °C)	1,00 – 1,04 gr/ml

11. STABILITY and REACTIVITY

Stability : Stable when kept under convenient conditions.

Reactivity : Does not show dangerous reactivity when kept under convenient conditions. Can get into reaction with bleach and other household chemicals.

12. TOXICOLOGICAL INFORMATION

Please see the items 3 and 14.

13. WAY OF DISPOSAL

There is no special method. Dispose of in compliance with local, national and international regulations.

14. REGULATORY INFORMATION

R-Codes

R36/37/38 : Irritant to respiratory system, eyes and skin.

S-Codes:

S2: Keep out of reach of children.

S23A : Do not inhale the vapor.

S24/25: Avoid eyes and skin contact.

S26: In case of eye contact rinse with plenty of water.

S28: In case of skin contact rinse with plenty of water

S46: If swallowed accidentally, drink plenty of water and seek medical advice immediately.

Do not use for cleaning of hand, face, body and food .

Do not leave under direct sunlight.

15. OTHER INFORMATION

The information provided in this safety data sheet is correct to the best of our knowledge, information and belief at the date of its publication. Due to multiple sources of information necessary to produce this datasheet, it is the duty of the receiver to ensure safe use of the product and to check his responsibilities during use according to the explanations mentioned on the label. Hygiene Disposables Group Ltd cannot be assumed responsible for any inconvenience arise from incorrect usage of the product.
